

Call Today & Enroll For 2010 Intensive Summer Therapy

Do you have problems with the articulation of words?
Do you often have to repeat yourself in order to be understood?
Do you feel that your speech is an impediment to your success?
Does your child have to repeat themselves to be understood?
Would you like to improve your dialect?

Brady Speech-Language Pathology Clinic

**Palatometer Technology
is the solution for you!**

The Palatometer therapy is being used to effectively treat speech errors, and a broad variety of other speech disorders using "real-time bio-feedback" technology.
